Old Business:

Review/Approve Minutes: Theresa moved to approve the minutes as written, Whitney seconded the motion. The motion passed.

Resource Update: Todd informed us that there will be one more Brown Bag this year, and sessions will resume in the fall. We will continue to present at some of the monthly sessions next year. Todd presented at the Polson Business Association on "Building Trust". Each of our new video resources has been used at least twice. The Pickle video has also been used recently by Richwine's and will be taken to the Malt Shop in St. Ignatius.

Workshop Update: We discussed the success of the workshop. Todd mentioned that overall we received a very positive response. Louis with the KwaTaqNuk said that he preferred Tim Gard to Nan Russell. He recommended Bob Marsenich and Steve Beck as possible presenters in the future. Also suggested were Mark Willmarth and John Miller (Question Behind the Question).

Cherry Harvest: Todd informed us that there is a Pre-Cherry Harvest meeting scheduled for June 14th at the Lake County Job Service. Logan Klein will be assisting Todd with the harvest work again this year. Todd also shared that it is predicted to be an earlier harvest this year.

Goals for Next Year: One goal that was suggested for next was to hold a Safety Workshop in late October. Fred Miller with the MT Safety Bureau has offered his services as a speaker to present his one hour presentation, titled “The Missing Link to Reducing Work Comp Costs”. Whitney suggested calling it a “Coffee-rence” and holding an early morning workshop. We could run an advertisement in the Journal and Leader. This would be offered to the business community at no charge.

Whitney proposed another goal of increasing membership. She recommended bringing a friend, reminding people who’ve only been to a few meetings, and to think of new people to invite. She suggested that the goal be to get three more regular attendees.
